

Active School Flag

Be Active committee 2011 with Paddy O'Rourke

A day of celebration as the Be Active Committee gets ready to raise the Active School Flag. The day began with the committee meeting with Meath Footballer Paddy O'Rourke. He was very impressed with our achievements. After many questions from the committee and from Paddy O'Rourke the rest of the guests arrived, which

included Mairead Berry our very own Para Olympian who has won gold and silver medals for swimming in the Olympics. The committee then gave a presentation to the guests outlining what they did to achieve this award for the school.

Following that, the committee led the guests to the flag poles and Mairead Berry raised the flag. There was a great air of excitement as the whole school looked on and cheered.

The whole school came out to cheer on the committee and watch the flag being raised.

After the raising of the flag, Mairead and Paddy spoke to the school about their sports and the importance of being active. Then they presented the children with their medals from our athletics day. The day was finished with chocolate cake and coffee for the invited guests and a trip to the local GAA pitch to participate in GAA day for the pupils of the school.
