

Spring has Sprung in Dalgan Park!

Written by Erin Byrne, Second Class

On the 9th of March, the three Second Classes, Ms Egan's, Ms O'Toole's and Ms Kennedy's all went to Dalgan Park. We got there by two buses. We passed by a College, we got directions on the way because we got a little lost! When we were on the nature walk we saw a horse chestnut tree, a hawthorn tree and an ash tree. We saw a river and there were rapids. It was called the River Boyne. We stopped and had lunch by the River Boyne. We saw some birds and some primroses. Then we went back to the buses. It was a fun and interesting trip!

Written by Laurie Johnson, Second Class

Ms O'Toole's, Ms Kennedy's and Ms Egan's classes went to Dalgan Park in Navan. We took a bus to the Park. When we arrived, we saw some cows. They were brown and white. We saw primroses. They were yellow. We also saw an ash tree. "The ash tree is what makes hurling sticks" our teacher said. We walked down the path and we saw a river. It was really fast. We kept walking until we saw a hawthorn tree. It was covered in prickles. We then crossed the bridge. Then we came to an opening on the grass. We then ate the lunch we brought. After our lunch we started walking again. We saw a horse chestnut tree. As we kept walking we didn't notice that we walked around in a circle! We came to the bridge again and walked all the way back to the bus and went back to school. It was fun!

Signs of Spring....

Fun at the Park...
