Dear St Paul's NS,

On behalf of the Make-A-Wish Foundation, thank you so much for your amazing donation of €900.00. It was so very thoughtful of your class to make the decision to support Make-A-Wish Ireland as part of your Communion.

This year, Make-A-Wish hopes to grant many magical wishes to children aged 3-18 who are living with a life-threatening medical condition. When family life has been turned upside down by the intrusion of an illness, we feel it is so important to make the wish experience as magical as possible for both the child and their family. The wish gives them an opportunity to forget about hospitals, treatments, injections and even the illness itself, if only for a short time. But it is only with the help of generous people like you that we can make these wishes come true, so thank you very much.

Please extend our thanks to all the students who donated money to help our Wish Children, we really do appreciate it. Please follow our Facebook page at <http://www.facebook.com/#!/Make.A.Wish.Ireland> or view our website www.makeawish.ie to read all of our fundraising news and see some of the wishes we have recently granted.

"It's people like you who make wishes come true."

Warmest wishes,

A handwritten signature in blue ink that reads "Regina Tait".
