

Peer Tutoring Fun in Second Class

Look in a Book by Adam Sherry Room 10

In peer-tutoring Ms. Broderick and Ms. Egan helped us to learn about non-fiction and fiction books. We did peer-tutoring for six weeks. If we were very good we got a star and if we got twelve stars we got a homework pass. I got one homework pass, some people got two. Aimee got one homework pass too. In peer-tutoring we started with fiction books, then second came non-fiction books. My favourite books were the non-fiction books because they are true and interesting. My partner and I read eighteen books. My favourite book was Blue Morpho Butterflies because you could learn a lot about butterflies. On the last day Ms. Broderick gave us an extra star, then she collected everything and went.

Cool Reading by Lily Murray Room 10

My time at peer tutoring was great. First we learned about fiction books. The first week my partner wasn't in so I read my book with teacher. Teacher helped me on words that I didn't know. The next day my partner was in we read the same book. Lauren laughed at some things that were funny. We soon finished the book and the next week everyone got their own bookmark. We got a star if we were good. When we got all 10 stars we got a homework pass. Lauren got her homework pass. I got mine soon after Lauren. Lauren was now on her second side but I soon caught up with her! Soon we moved onto fiction books and the book Lauren liked most was Blue Morpho Butterflies. My favourite was Gingerbread Men, they made me hungry! Lauren and I had a giggle about the Gingerbread Men. Yummy!
