

Running like the Wind

For the past six weeks, we have had athletics practice at the athletics track. We would like to thank all the teachers that have helped out and made it such fun. We got the chance to try out lots of different sports. I really enjoyed the races we had. At the end of the session we got the chance to run a full lap to see how much we had improved. I have really enjoyed athletics and when it is on again I will definitely go. I hope someday you will give it a go because not only will you have great fun but you will also meet lots of new people.

Niamh Larkin (Fifth Class)
