

# S.O.W

## Scoot on Weekdays

Try to ride your scooter to school. Yes you can walk or cycle but scooting is good fun! Remember to S.O.W. more often, because it's good for the environment, your health and is even good for your stamina. Ride your scooter to save fuel. Don't drive your car to school because it will pollute the environment. Remember to SOW – Scoot on Weekdays .

Thank You!

Luke Tynan

# S.O.W.

**Dear Readers,**

I'm going to talk to you about S.O.W. which means Scoot on Weekdays. If you're already scooting to school, that is great. But if you know someone who is not doing C.O.W., S.O.W. or W.O.W., tell them to try it today.

# Scoot on Weekdays!

Had enough of the car? Why not try out the scooter! Or you can try out walking or cycling. If you scoot, you can get about quickly and have lots of FUN at the same time, which is really important. You also get lots of fresh air into your lungs which is very important! If the two wheeled scooter does not suit you then you can try out the flicker, a three wheeled scooter! So go on! Try it out! Try out the

scooter! Scooting is very fast and so much fun. Have fun, everybody!
