

## **St. Paul's Student Council Election**

When we came back from our Christmas break, we were told by our teachers of the new student council, which was going to be formed. Over the next month, students from 4<sup>th</sup> to 6<sup>th</sup> class would work incredibly hard to make sure they got the vote in the coming election. Posters, presentations, speeches and sheer hard work went into getting that vote.

Many people from each class wanted a chance to be in the student council but only a few people from each class got in. In each class the students made a speech to the rest of their class to get them nominated for election. After the news came of who got through to the elections, the nominees started their extremely hard work. The amount of effort put into the work done by the students was outstanding.

The student council was set up by Mr. Burns and Ms. O'Connor. Their job is to help anyone who has a problem in the school or an issue with the school. They help the students to solve their various problems. On Thursday the 5<sup>th</sup> of February, a stage was set up in our hall. There, the students that were nominated to the student council, told their brilliant ideas to the rest of their year. Some of the ideas were incredible such as fundraisers, more books, a school newspaper and new sport teams. Mr. Burns, MS. O'Connor and all of the other teachers involved did a wonderful job in making sure the election was a success. A while later we found out the results-

The new student council representatives for our school are-

- 6<sup>th</sup> class- Laura Jenkins, Jake Anderson, Julia Read, Thomas Sarapas, Christian Cahill and Emma Scattergood.
- 5<sup>th</sup> class- Abby Elwood, Adam Murphy, Aaron Prendergast, Aoife Rutherford, Nathan Kelly and Ella Clancy.
- 4<sup>th</sup> class- Jack Tormey, Michael Ohoka and Áine McCourt.

Well done to all of the runner-ups and everyone else involved.
