€1,500 raised for The Jack Kavanagh Trust

The Children in St. Paul's showed their enormous generosity last January when we had a coin trail for The Jack Kavanagh Trust and raised €1,500! Jack is a local man from Dunshaughlin, who after a diving accident was paralysed from the chest down. This money is needed to help him live as normal a life as possible. Jack came in to speak to the Fifth Class children this week about his journey to recovery. He was inspiration to listen to and no doubt his words will stay with the children for many years.

Jack really enjoyed his visit to St. Paul's and he has asked to pass on his thanks to everyone for their very kind donations.

More details on the Trust can be found on: **www.jackkavanaghtrust.com**
