

## Green School Day of Action - Friday 10<sup>th</sup> October

### *Water, water everywhere but not a drop gets wasted in St. Paul's!!*

On Friday 10<sup>th</sup> October 2014 St. Paul's was turned into a beautiful sea of blue. As part of our Green School programme we wanted to have a special day where we could celebrate the gift that is water and remind ourselves about how important it is to save water and not waste a single drop!!

### **Second Class Assembly**

Our second classes put on a very special assembly for us. They recited a poem with a very important message about saving water. Next we were treated to an amazing performance of a special song all about the Water Cycle. This tune had us all dancing along -it was catchy, it was fun and, to top it all off, it taught us about evaporation, condensation and precipitation. We would all have loved to hear it again!

## Class Water Droplets

Every single pupil in St. Paul's designed their own water droplet and each class will display these drops with our new water slogan. This will be a constant reminder about our commitment to conserving water both at school and at home.

## Compose a slogan/Colour a beautiful picture!

The children in third to sixth class had the very important task of composing a catchy slogan or rap. The winning entry will be displayed in every single classroom and on our Green Schools board. We don't envy the Green School Committee who will have the difficult job of helping the teachers choose a winner.

In the Junior end of the school the boys and girls were busy colouring beautiful pictures that will remind us all to save water. Have a look at some of the children hard at work below:

## The Water Cycle

Having gotten a taste of what the Water Cycle is all about during Assembly, lots of classes took part in very interesting lessons in their classrooms. It was so interesting finding out where the water we use in our homes and schools actually comes from.

## Tap Tips

We're all looking for ways to save water these days and our ever helpful Green School Committee were on hand to give us some very useful advice over the intercom throughout the day. For more information be sure to visit

Thanks to all of the pupils and teachers for helping to make our Day of Action such a great success. Thanks also to the parents for their help with costumes and props. Be sure to check back really soon when our slogan and poster winners will be announced!

**Lots of fun!!**
