

Olympic Handball Success for St Paul's

The boys and girls that represented St. Paul's in the recent Olympic handball competition certainly did the school proud. Held over the course of two days in our own school hall, St. Paul's proudly hosted the local qualifiers. In the U-10 competition, our boys defeated Skyrne NS and Robinstown NS on course to qualification for the premier competition. Our U-10 girls also did us proud and the team are looking forward to the next round in Navan.

The U-11 competition was also a very successful one for the school, as the girls fought back from a first round defeat to a strong Skyrne team to gain thrilling victories over Gilson NS and Carlanstown NS. Not to be out done, our boys U-11 team topped their group with hard fought wins over Skyrne, Carlanstown and Gilson.

There was a great atmosphere in the hall for the two days and we would like to thank all competing schools for participating in very sporting games. All our teams are now busying preparing for the finals which will take place in Navan over the next few weeks.
